## STILL ON STRIKE,

The Washington Operators More Determined Than Ever to Hold Out.

An Open Meeting Held Last Night and Much Enthusiasm Exhibited.

A Rumor That the Locomotive Engineers on Mr. Gould's Railway Lines Will Strike.

Western Union Offices Throughout the Country Report Business Improving.

The strike of the telegraphers still continues, and the events of yesterday gave no promise of an early settlement of the difficulty. The operators continue to be firm in their determination not to yield, and the companies evince no sign of compromise.

An open meeting of the brotherhood was held last night at the National hotel. Representatives from Typographical union, No. 101, and other trades union, were present, and presented aid, substantial and encouraging. Many speeches were delivered, and the greatest enthusiasm prevailed. Col. John Tyler

was one of the speakers.

A committee of three was appointed to wait on Gen. Hazen, chief of the signal bureau, for the purpose of ascertaining whether he had ordered or contemplated ordering United States signal service operators to take the place of striking telegraphers, the committee to report as soon as possible. Immediately after the reading and adoption of the resolution, a gentleman employed as an operator in the signal office, entered the room and said that he would submit to incarceration at Fort Whipple in preference to entering an office of the Western Union at this juncture. He fur-ther stated that while he spoke only for himself, he firmly believed that he reflected the sentiments of the large majority of operators in the signal service of the United States.

The following was received from the grand master workman in New York: New York, July 24.—All district superintendents congregating here. Probably be some important developments in the next forty-eight hours. John Campbell. A dispatch from Chicago was read announc-

ing that the board of trade is becoming very restive, and a call of the board to pass resolutions calling upon the telegraph companies to end the troubles is contemplated. Western Union reports as to the prompt handling or business simply excites derisive smiles and

contemptuous comments.

The following dispatches were also read:
STAUNTON, VA., July 24.—Virginia is still and will continue solid. Reports to contrary are erroneous.

New York, July 24.—The strike goes bravely on in all sections of the country. The business men of New York city are prothe business men of New York city are pro-testing strongly against the policy of the com-panies. The Produce Exchange will hold an indignation meeting to-morrow. Pecuniary aid and public sympathy are offered from all sides. Stand firm. It will be a glorious vic-tory. Got ten men to quit work in the West-ern Union to-night.

John Mitchell.

Master Workman.

Master Workman, Referring to Western Union representation of atmospheric disturbances as causes for the delay of the business of the press and pub-lic, members of the brotherhood affirm most positively that such excuses are the veriest positively that site of excuses are the vertest subterfuges. Last night a member of the press committee of the brotherhood waited upon Mr. McKee, agent of New York Asso-ciated Press, and was informed by that gen-tleman that he had been notified by the tleman that he had been notified by the Western Union company that its business was interrupted by "elemental" troubles. The member of the brotherhood assured Mr. McKee that the statement was a deliberate falsehood, and invited him to request the attendance of any Western Union official, whereupon he would repeat to such official this emphatic denial.

The press committee of the strikers report that a person having access to the operating room of the Western Union Telegraph company said to-day that the condition of affairs therein is simply terrible, far exceeding anything he had anticipated.

thing he had anticipated.

The latest alleged evasion on the part of the Western Union is the "storm" theory. Last night correspondents were informed that very little if any press matter could be for-warded to the western cities owing to the prevalence of a severe storm in that section. All the leased wires to Cincinnati and Chi-cago were, however, being worked the same as usual, and no storm prevailed at those oints sufficient to interrupt telegraphic com

One of the leading strikers said last nig. that another apparently delisive scheme concected by some diplomat of the Western Union is the adoption of the "signal" letter of a first-class operator now on a strike by a recruit who has been induced to take the place of a striker. This is evidently done to create the impression in the communicating offices that many of the old operators are still at your at work.

st work.

Some of the government departments in this city employing their own operators are obliged to deliver government telegrams to the Western Union central office by messengers, owing to the inability to maintain telegraphic communication with that office.

The report that Gen. Hazen would detail the signal service operators for service in the Western Union offices created a marked sen-sation among the strikers, and a responsible striker said if this was done the men would striker said if this was done the men would take a "decisive step." He proceeded to explain that if such unfair means was resorted to by Mr. Gould it was probable that there would be a strike of locomotive engineers and trainmen along his various railways. It was further hinted that the executive committee of the National Labor Union, of which the railway men are members, has already discussed the expediency of this stop, and are prepared to expediency of this step, and are prepared to issue the order any moment, and that it will be obeyed with alacrity. In fact many persons expressed the belief last night that the locomotive engineers on Mr. Gould's lines would be ordered out in a day or two.

An operator in the Western Union office here felt the effects of the strike yesterday more keenly than agreeably. He was knocked over upon the floor, while sending a message during the storm, on account of lightning striking the wire and entering the office.

New York, July 24.—Affairs at the office of the Western Union company seemed to be in a better condition this morning than at any time since the strike. Over three hundred operators were at the desks, and all the important wires were said to be fully manned. The only delays in handling the business were for points west of Buffalo and Pittsburg, where it was reported that considera-ble damage had been done by the severe storm of yesterday to the wires of the company. In other respects the situation was as satisfactory as the officers of the company could expect. There was no intention whatsatisfactory as the officers of the company could expect. There was no intention what-ever of yielding to the strikers, and it was said that now the company was on a firm basis they had nothing more to fear. The number of applicants for situations was in-creasing daily, and Mr. Dealy said that eighteen offices on Long Island had been manned this morning and besides, that sev-eral additional offices had been opened in New York. As soon as the new hands were tested those who were found compositent were tested those who were found competent were sent to the out of town offices, where their services were needed.

Superintendent Sherman, of the American Rapid Telegraph company, said that there was no truth in the rumor that the demands was no truth in the rumor that the demands of the strikers would be conceded by the company. This morning he said they were handling without delay all the business that was offered, and the strikers had but little prospect of success if the situation remained as it was at present. Like the Western Union company it was the policy of the American Rapid to supply its out of town offices as soon as a competent force was on duty at the central office to handle the business offered. Already a considerable number of operators had been sent to Philadelphia and Baltimore, and it was expected that the offices wost of Buffalo would be fully manned within the next day or two.

The intelligence committee reported that encouraging messages had been received from all over the country, and that a dispatch from Canada informed them that the Great North-Canada informed them that the Great Northwestern Telegraph company had given in to
the strikers. It was announced that the
cable operators at Duxbury, Mass., and North
Sydney, Cape Breton, had struck. A communication from Chairman Campbell, of the
executive committee of the brotherhood,
instructed all operators of the Southern Telegraph company handling business on the
southern lines to take nothing coming from
a manager, agent, or operator of the Western
Union, American Rapid, or Baltimore and
Ohio companies. An address was made by
T. B. McGuire, of the Central Labor union of
this city, and a letter from Senator William this city, and a letter from Senator William McAdoo, of Jersey City, expressing smypathy with the strikers, was read. A general

with the strikers, was read. A general feeling of confidence in the success of the movement prevailed among the strikers, and great
enthusiasm was manifested.

A large number of members of the produce
exchange to-day signed a petition to the
board of managers, asking them to request the telegraph companies whose employee are now on a strike to consider the present con-dition of affairs and put an end to the strike,

which was working such serious injury to the business interests of the country, The Western Union telegraph company today instructed its representative at Atlanta to offer a reward of \$1,000 for the conviction of the person who fired at their man in At-

Inita.

PHILABELPHIA, Pa., July 24.—At the Western Union main office, the business which had increased considerably over that of the past few days was being handled without delay. Supt. Zueblin expressed himself as well pleased with the manner in which the work is being done by the men now in the employ of the company.

At the headquarters of the striking operators the meeting this morning was addressed by Harry W. Orr, who has just returned from the meeting of the executive committee in New York. He reported that the strikes

in New York. He reported that the strikes there and all over the country were as firm as ever. The committees are still keeping vigilant watch over the telegraph offices and rail-

road stations.

Fifteen branch offices of the American Rapid company have been closed, and all the business is now done at the main office on Chestnut street, near Second, which has also been deserted by all except Manager Pennock and two female typewriters. Mr. Pennock stated to day that very little business was being transacted over their wires. At the office of the Baltimore and Ohio company the same state of affairs exists. All the operators are in the movement except the chief, who said to-day that business, so far as his office was concerned, was at a standstill.

President Layerty of the local hypoch of

concerned, was at a standstill.

President Laverty, of the local branch of the Brotherhood of Telegraphers, this afterneon sent to the press for publication a circular addressed to the public, in which he calls attention to an impression which prevails to some extent that the executive board of telegraphers inexorably insists upon all or nothing, and that the strikers therefore are responsible for the inconvenience which the public is suffering. This, he says, is an erroneous impression, as the board has always been ready to consider proposals having in view a settlement of difficulties, but that thus far the telegraph companies have positively refused to recognize the board as representatives of their employes, when the representatives of their employes, when the events of the past few days have clearly shown that the board does represent the telegraphers of the country. Attention is called to the fact that a satisfactory adjustment of difficulties would be quickly arrived at if the several cornections would recognificate.

at if the several corporations would recognize and treat with the executive board chosen by the telegraphers for that purpose. Sr. Lours, July 24.—Manager Brown reports eighty-seven operators on duty in the Western Union main office to-day, sixteen more than on, any previous day, sixteen the more than on any previous day since the strike began, and more than the usual num-ber in ordinary times. The business offered at the counter yesterday was greater than the average for this time of year, and all of it was dispatched with the old time promptness and celerity. Nine first class operators were in the office on change, and the business of the board with the chief trade centers was done to the satisfaction of the members. done to the satisfaction of the members. Market quotations from New York, Baltimore, and Toledo was lacking however. A much better feeling exists among the merchants, and the chief thing they need now is prompt communication with interior points. A party of linemen were insulted by strikers while changing the position of some wires.

A party of linemen were insulted by strikers while changing the position of some wires near the corner of Third and Pine streets. Some twenty of them will be sworn in as special policemen to-morrow, which will give them authority to protect themselves.

CLEVELAND, July 24.—The Western Union telegraph reports an addition of one operator to the total number of the force. The wires have been working hard on account of storms cast and west. Both siles still express conficial investigation of the charges.

GALVESTON, TEX., July 24.—A special dispatch to the News from Lampasas says: A east and west. Both si les still express confi-

ATCHISON, KAN., July 24.-Four of the six Western Union operators employed here struck yesterday. Two men were secured from the Missouri Pacific office, and there was

not much delay in business.

Kansa-City, Mo., July 24.—There have been seven accessions to the force of strikers.

St. Joseph, Mo., July 24.—Yesterday morning the male operators in the Western Union office in this city notified the manager that makes there were the contract of the cont that unless they received some news from the east indicating a settlement of the difficulties, they would quit work at 2 o'clock. Consequently, at that hour they put on their coats, and left the office, leaving only two female operators. The night force did not report for duty. The manager has succeeded, however, in securing some help from outside, and the press report is being received during the afternoon with the notice "subject to dethe afternoon with the notice " subject to de-

GALVESTON, TEX., July 24.—Galveston, Houston, Dallas, and Fort Worth, the only four places in Texas employing a large num-ber of operators, will by to-morrow be fully supplied, so far as numbers go, but the talent secured is generally of a miserable quality. The strikers continue firm, and exhibit no

Toponto, July 24.—There is no special change to note in the telegraph situation. The service is being rapidly restored to its usual condition, and the great bulk of the business is being done satisfactorily. The council of Moutreal board of trade at a meeting to-day denounced the strike as made in defiance of the telegraphers' engagements, of the law, and of public interest.

An Iowa Murderer Lynched. DES MOINES, July 24 .- Hardy, the Polk city murderer, was taken from jail at Harlan and hanged by about fifty masked men at 3 a. m. The mob came from toward Marne. They tied their horses in a grove about a mile from town and came in regular order with arms, rope, and sledges. They bound Jailer Watkins and made his wife give up the keys. They then unlocked the cell where Hardy was red took him out and hung him. While was and took him out and hung him. While he was hanging they shot him and afterward took the body down and threw it into the river. The mob then dispersed quietly. The shoriff recovered the body and an inquest will

A Receiving Clerk Shot. NEW YORK, July 24 .- A special from Atlanta, Ga., says : At 10 o'clook this morning a pistol ball was fired through the window of the Western Union Telegraph office here, shivering the large plate glass and striking the receiving clerk Witt just above the hip-The ball was spent, however, and the injury was not serious. The range of the ball indicates that it came from an upstates room of the "Markham." a hotel across the street.

Mr. Witt withdraw from the brotherhood of telegraphers the day before the strike.

A Water Famine in St. Louis

Sr. Louis, July 24.—This city is in danger of a water famine. Only twenty-four feet of water remains in the reservoir which supplies a large part of the city with drinking piles a large part of the city with drinking water, and the pumping capacity of the works is not equal to the demands of the present heated spell. The board of public improvements addressed a communication to the mayor in regard to the danger, and this afternoon the mayor issued a proclamation stopping all street sprinkling, washing of sidewalks, and use of hand hose.

Suicide of a Chicago Murderer, Chicago, July 24.—Thomas Maguire, whose trial for the murder of his mistress three next day or two.

The striking operators met at noon to-day in Clarendon hall. Over 400 were present. He will probably die,

DEATH OF GOV. SWANN.

Brief Sketch of His Family History and His Many Public Services.

BALTIMORE, MD., July 24.—Specials re-ceived in this city to-night state that Ex-Gov. Thomas Swann, of Maryland, died at his estate near Leesburg, Loudoun county, Va., at 8 o'clock to-night.

Gov. Swann was born in Alexandria, Va., in 1805, and consequently was 78 years old. He was connected by blood with some of the most prominent families in the state. father was a well known lawyer in this city, and during President Monroe's administra-tion was attorney for the District of Columbia. tion was attorney for the District of Columbia. The ex-governor was educated at private schools in this city, and completed his scholastic course at the University of Virginia. He read law with his father, and began its practice, but was soon appointed by President Jackson as secretary of the United States commission to Naples. In 1834 he married Mrs. Sherlock, the daughter of an English gentleman, and granddaughter of Robert Gilmor, well known in the history of Maryland. Soon after his marriage he removed to Baltimore and took up his residence there, living for many years in a handsome house living for many years in a handsome house on Franklin street near Cathedral. He was president of the Chesapeake and Ohio Canal company in 1845. He was elected mayor of Battimore by the know pathings in 1855, and company in 1845. He was elected mayor of Baltimore by the know nothings in 1856, and re-elected in 1858. During the latter part of the year 1864 he was elected by the union party governor of Maryland, and was elected to congress by the democratic party five terms, his service beginning in 1868 and ending in 1878. In 1879 he was married the second time to Mrs. Edgar Thomson, of Princeton N. J., a sister of Hon. Samuel J. Raudall The marriage was not congenial, and they soon separated. By his first wife he had four daughters and one son. The latter of whom died 1867. His oldest daughter married Gen. died 1867. His oldest daughter married Gen.
F. C. Latrobe, and died in 1865, leaving one
son, Thomas Swann Latrobe, now in his
twentieth year. His other daughters are all
living, one being married to Maj. T. B. Ferguson, fish commissioner; another the wife of
Dr. C. Shirley Carter, and the other the wife
of Mr. Lehn Whisple who resides at Nazaret

Dr. C. Shirley Carter, and the other the wife of Mr. John Whipple, who resides at Newport. Dr. Carter was with him in his last sick-ness. Maj. and Mrs. Ferguson had intended to take a trip to Europe, but the sickness of the governor caused them to postpone it. Marvin, the place where he died, is an estate of the governor's and is a lovely spot at the foot of the Catoctin mountain, about two miles out from Leesburg, Londoun county, Virginia. There are about 1,200 acres of some of the best Londoun valley land. The man-sion is patterned after the model of the finest country residences in England, and is of the Doric style of architecture, adorned and embellished by long and wide verandas, and shaded with portices which surround the

A Pastor's Downfall. NEWARK, N. J., July 24.—The rumors of immoral and indecent practices by Rev. Dr. George R. Bristor, pastor of St. Luke's Methodist Episcopal church, culminated in an investigation by the officers of the church yesterday, which lasted until 3 o'clock this morning. After taking testimony in the presence of Dr. Bristor, who was allowed opportunities of cross-examining witnesses and of defending himself, a verdict of his guilt was unanimously rendered, and he formally resigned his position and surrendered his ere resigned his position and surrendered his cre-dentials to the presiding elder, Rev. Dr. Knowles. Bristor was a favorite pulpit crator and preached successfully in New Orleans. He has a wife and child, and has family con-nections in Baltimore.

Baltimore, Mp., July 24.—The father and a brother, who reside in this city, of Rev. Dr. Georga B. Bristor, have called at the Asso-ciated Press office to-night in reference to the item telegraphed from Newark, N. J. this

ciated Press office to-night in reference to the item telegraphed from Newark, N. J., this afternoon, relative to a trial and conviction by officers of St. Luke's Methodist Episcopal church, at Newark, of Dr. Bristor, of which he was pastor, and state that the item does Dr. Bristor great injustice. They say that no official investigation of the charges has taken place; that there was a meeting of the trustees of the church in Newark last evening at which Dr. Bristor in Newark last evening at which Dr. Bristor was present, called by himself, where he first heard of the nature of the charges; that he was so overcome by surprise and indignation that he immediately voluntarily handed his credentials as paster of the church to the presiding elder and left Newark at 5 o'clock this morning. Dr. Bristor is now sick and con-fined to his bed at his father's house in this

patch to the News from Lampasas says: A carriage containing the skeletons of three adults and two children, sitting bolt upright as if in life, under a large tree, has been found, near a road in Liano county. The tree was shattered by lightning. It is supposed the carriage sought shelter under the tree and was struck, the bolt killing the inmates and the horses. The weatherbeaten appearance of the carriage and its trimmings indicate that the event however a very a very that the event happened a year or two ago. In a small trunk was a letter addressed to "James G. Chamberlain, London, England." The remains were found by a ranchman driving cattle, and the discovery was reported at once to the authorities. The parties are supposed to have been tourists. The spot where they were found is very secluded and far from any habitation.

Labor Troubles in Chicago. CHICAGO, July 24.—No attempt has been made to resume work at the rolling mills in South Chicago, and the 2,000 men who made a demand last week for increased pay still re-

The Master Masons and Builders' associa-The Master Masons and Builders associa-tion, which made such a prolonged fight against the bricklayers' union early this sum-mer, decided to concede to certain later de-mands of the union respecting the employ-ment of non-union workmen. The association explains its action on the ground that a great body of men, brought to this city to take the places vacated by the strikers early in the season, have since joined the union.

Oklahoma Payne. KEOKUK, July 24.—Capt. Payne, of Okla-boma fame, and his attorney, and Col. Waters,

of Topeka, made application yesterday to Judge McCrary for an injunction to restrain Gen. Pope from interfering with the settle-ment of Indian territory. Sceretary of War Lincoln was originally a party to the suit, but as to him it has been dismissed. Col. Hollo-well, United Status attorney for Kausses, rep-resented Gen. Pope. It was agreed that printed briefs should be submitted by Aug. 10.

An Old Cunard Commander Dead.

LONDON, July 24.—Capt. Leitch, comme dore of the Cunard fleet of steamers, has died on board of the company's steamer Saragossa in the Mediterranean. He had been fifty years in the service of the Cunard company, and took out the first body of troops to participate in the Crimean campaign.

EATON RAPIDS, MICH., July 24.—A cyclone at noon gesterday demolished the house of Eugene Henry, five miles southeast of here. Mr. Henry was seriously injured and will probably die. Three of his children were killed, and his wife sustained severe injuries,
